These lectures will lay out a theoretical framework for quantitative analysis in trade, and will apply it to a number of issues.

The lectures are organized around a manuscript I am writing with Jonathan Eaton:

*Technology in the Global Economy: A Framework for Quantitative Analysis* (henceforth, TGE)

**Lecture 1 (October 10): Background**

TGE, chapters 2 and 3.

**Lecture 2 (October 12): General Theoretical Framework**

TGE, chapters 4 and 5.

**Lecture 3 (October 17): Application to Aggregate Trade**

TGE, chapter 6.

**Lecture 4 (October 19): Application to the Producer Level**
